I am required to transmit them to you through FOIAonline.

I am waiting for the CAO to get an answer about the process. She wants to understand this before she signs

Hi Floyd,

How are the documents sent to me? Are they sent via email or through foia? I prefer my personal email if there was a choice.

We are waiting for the new CAO, Deirdre Jones to sign. It was just routed to her, and she has questions on the process. Getting you your requested FOIA information is a top priority of mine, and I will do my best to get it to you.

Sorry, I was hoping to have them signed. Everything is ready just waiting for a signature indicating clearance. They have to go through NOAA CAO (new to her role).

If the number changed, it is probably due to it being a new request. In reference to receiving notifications, all line offices have a FOIA representative, so just them (and probably routed through leadership). Redactions by OGC is at a level that is well above my role, so I could not tell you who the contact is. The redactions are already completed by the time I receive them, I simply upload them at that point.

Thank you Floyd. I would like you to know i appreciate your efforts. A few questions. Why did the FOIA # change? Who all receives notification of my FOIA request within my line office? Who is thr contact in OGC (name)?

I think there is a misunderstanding, I was referring to sending the acknowledge letter sent. This was my statement " I am new to FOIA online and hope that you received the acknowledgement letter a couple of weeks ago"

Sorry for the misunderstanding.

Good morning Darlene,

I did talk with the NOAA FOIA staff about the fee waiver language, and they expressed that it would be no fee associated with this more than likely (at most a nominal fee, but doubt it). I will have to look at the "narrowing scope" language and get back to you. From all the communication I have had from the FOIA office is that your request will be completed by the close of business today, and have not heard anything about any "narrowing scope". No action is required from you, we have been waiting for OGC to make their obligated legal redactions. Yes, we should have finished, and I apologize for the delay. We have an good faith obligation to fulfill request in a timely fashion, and really are attempting to get you your requested documents timely, but are sometimes constrained by process obligations (such as OGC redactions).

Hope I answered your questions, and have a great weekend.

Hi Floyd,

Question. In reading through the acknowledgement letter you sent to me, the letter mentions i have been granted a fee waiver but then it states something about narrowing the scope. Could you pls clarify? It seems that one is conflicting with the other? Is there any action required on my end? I see that the letter stated that the request should be complete by 12/10/2018 which has now passed. I believe there is a penalty on why the documents have not been received by the listed date?

Pls clarify.

Darlene Bennett
